Papers from the different points where the Walter L. Main Circus has exhibited, speak in high terms of the excellence of the show in every particular. Winding up a long complimentary notice the Atchison Champion says: "We have no hesitation in saying that it is, in every way, superior to any show seen in the west this season. It is really a marvel in one particular. It shows all it advertises. It drew the largest crowd ever seen under a tent in Atchison and should it come this way next year must make room for ten thousand people."

Call at Medical Institute to have your eyes fitted by an optician, Dr. Pifer, at the same prices you pay at any drug or jewelry store in the state. 1313

In order to sell your goods cheap it is necessary to buy them cheap. There is no more wide awake firm in Southern Kansas than Share Bros., when it comes to buying good merchandise cheap. This firm buys nearly all of its merchandise in New York, Boston and Philadelphia, direct of the importers and manufacturers and just now are making especially low prices on ladies', children's and misses' cloaks and on dress goods, underwear and blankets. They are certainly headquarters on these goods and it will pay every reader of the VOICE to call on Share Bros.

The VOICE until election, 10c.

Martin Armstrong, formerly of Milan, but now in the export commission business at Velasco, Texas, adds the following postscript to a business letter of the 12th: "Our port is doing some business in shipping cotton and cotton seed meal; four vessels loaded out last month and as many booked for this month. Our facilities for handling is not yet in shape, but when they are I will be in it for a good lot of the western Kansas wheat. We have now the deepest and best harbor on the coast. To prove it, last week a steamer, named Rita, had tied up at the Galveston wharves to load there, but on an agent of this port describing our port to them, they cut loose and came over here and are now loading, having their cotton shipped to this point instead of Galveston. We can load two feet deeper here than there and will amount to from \$800 to \$1,200 a vessel in expense, saved by loading here. This breaks the record and the ship ments are increasing and you will hear from our port soon at the head of the list."

My store is under roof again and I am prepared to do a better business and carry a better stock than ever before. A. G. Haltiwanger. 43-tf

Ripans Tabules cure hives.

There is no use of anyone suffering with the cholera when Chamberlain's Colic, Cholera and Diarrhoea Remedy can be procured. It will give relief in a few minutes and cure in a short time. I have tried it and know.—W. H. Clinton, Helmetta, N. J. This remedy was used there with great success. For sale by H. F. SMITH.

If you are too poor to buy a good pair of glasses, call at Institute and they will give you a pair. 1313

A reported outbreak of cholera at Helmetta, N. J., created much excitement in that vicinity. Investigation showed that the disease was not cholera, but a violent dysentery, which is almost as severe and dangerous as cholera. Mr. Walter Willard, a prominent merchant of Janesburg, two miles from Helmetta, says Chamberlain's Colic, Cholera and Diarrhoea Remedy has given the greatest satisfaction in the most severe cases of dysentery. It is certainly one of the best things ever made. For sale by H. F. SMITH.

Social Laws for Girls.

When a woman of such unquestionably high position in New York society as that occupied by Mrs. Burton Harrison, consents to define the best and most careful social laws for girls, our young women can well afford to listen and remember. There is every indication for a most agreeable interest in the series of articles on "The Well-Bred Girl in Society," which Mrs. Harrison will begin in the November issue of the Ladies' Home Journal. Mrs. Harrison will, in this series, take up every phase of a girl's life in society, and point out to her principally the mistakes it is wisest for her to avoid.

Specimen Cases.

S. H. Clifford, New Cassel, Wis., was troubled with Neuralgia and Rheumatism, his Stomach was disordered, his Liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him. Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Speaker, Catawba, O., had five large Fever sores on his leg, doctors said he was incurable. One bottle Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold by F. B. SNYDER'S, Drugstore.

The Show.

Republican, Martinsville, Ind., June 2, 1892. The large railroad show of Walter L. Main has come and gone. Two performances were given. The show has real merits, so many and so conspicuous that we can only generalize. It is exceptionally fine. A more orderly, well disciplined company, so free from the many compromising elements that follow circus shows as to well nigh have brought them to the level of the rabble, is conspicuously absent in this one. Wellington, Nov. 1.
